

UNDERGRADUATE SCHOLARSHIPS

NSERC CREATE TRAINING PROGRAM IN CONTINUOUS FLOW SCIENCE

2016-2017 Competition

CONGRATULATIONS TO OUR LAUREATES!

These scholarships of \$4,000 each allow undergraduate students to do a summer internship and be exposed to cutting-edge research in continuous flow science for a few months.

OSCAR JAVIER GAMBOA MARIN

- ▶ **Laboratory:** Prof. Lebel, Université de Montréal
- ▶ **Project:** *Curtius Reaction in Continuous Flow.*

ERIC ISBRANDT

- ▶ **Laboratory:** Prof. Newman, University of Ottawa
- ▶ **Project:** *Recycling Strategies for the Preparation of Chiral Molecules: Renewable Synthesis of Unnatural Amino Acids.*

IBRAHIM JABER

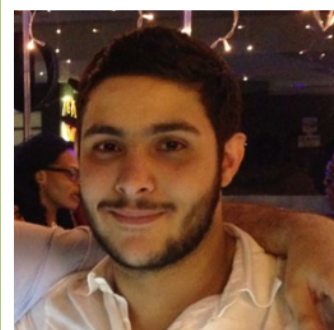

- ▶ **Laboratory:** Prof. Gregory Patience, École Polytechnique de Montréal
- ▶ **Project:** *Glucose Conversion to 6C Specialty Chemicals.*
