

Troubleshooting Workshop

February 27, 2015 at noon
Université de Montréal
Roger Gaudry Building - S-320

You are cordially invited to present in front of the other users of the CFS platform the set-ups that you have developed for your current research.

Instructions: Please prepare a short PowerPoint presentation of 2 or 3 slides, which includes your reaction, the picture of your flow set-up and the list of problems encountered and the solutions to be considered.

This exercise will allow you to familiarize yourselves with needs of others and will give you the opportunity to share your successes and failures.

BRING YOUR OWN LUNCH!

Please confirm your presence by writing to:
vanessa.kairouz@umontreal.ca
